Reasons for Allowance

1. Claims 1-18 are allowed.
2. The following is an examiner's statement of reasons for allowance.

The prior art made of record fails to anticipate or make obvious the claimed invention.

The present invention is directed to creating a virtual object, that not specifically stroked, based on a determined relationship from existing objects in a two dimensional representation of a three dimensional space as recited in claims 1, 7 and 13.

While the closest prior art of record, Edwards et al., teaches creating a virtual object, based on a determined relationship from existing objects in a two dimensional representation of a three dimensional space, ubiquitous *Microsoft Windows* teaches creating an object characterized as having depth, that not specifically stroked, based on a determined relationship from existing objects; however, the prior art still fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
